

Budgeting & Cash Flow Forecasts

Soft Skills Training Workshop

This course can be customised to your business needs

Workshop Outline

Can include:

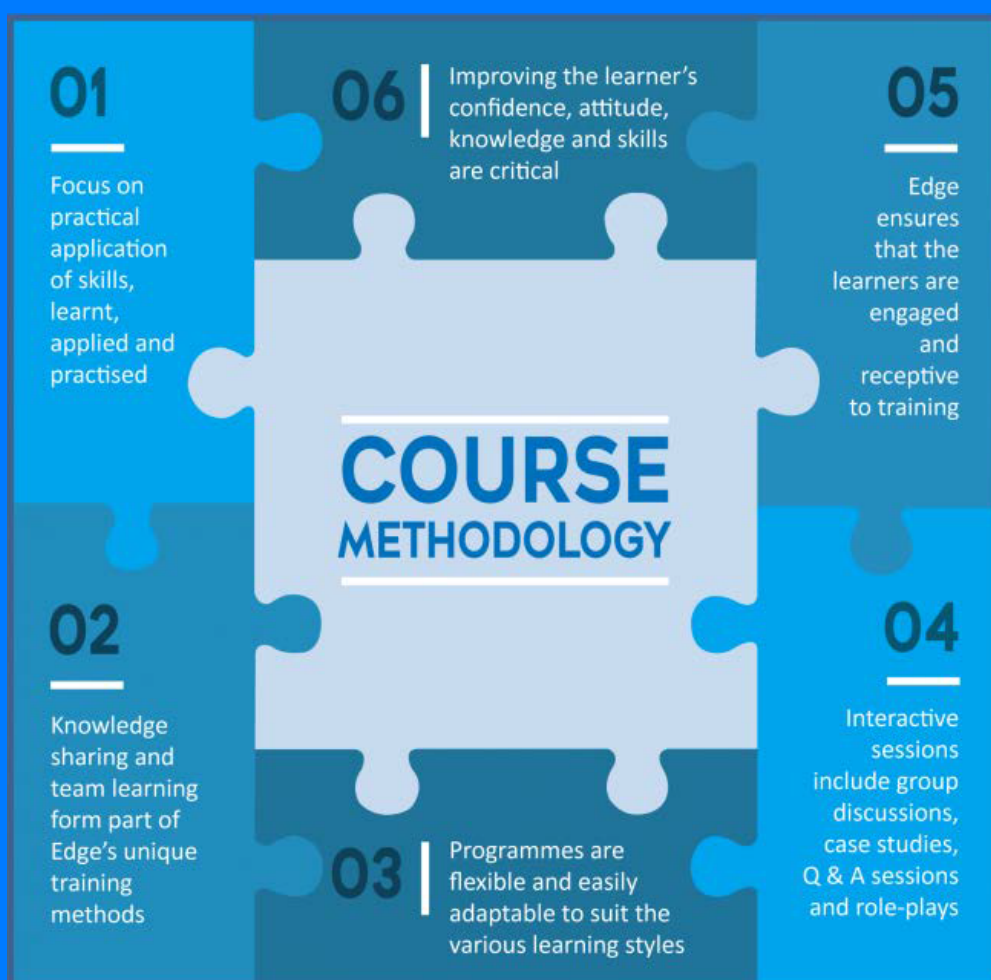

- Understanding the purpose and importance of budgeting
- Steps involved in the budgeting process
- Revenue budgeting
- Expense budgeting
- Capital expenditure budgeting
- Importance of cash flow forecasting
- Understanding and interpreting cash flow statements
- Components of a cash flow statement (operating, investing, financing activities)

PLEASE NOTE:

Consultations will take place prior to facilitation in order to provide a tailored solution that addresses your business' needs.

Objective

In this course, individuals learn to create comprehensive budgets, forecast cash flows, and employ practical tools like budgeting software. The course emphasizes monitoring, variance analysis, and effective communication of financial insights. Participants gain essential skills for risk management, ethical considerations, and real-world application through case studies. This training is crucial for professionals as it equips them to contribute strategically to financial planning, optimise resources, and navigate the complexities of budgeting and cash flow management within organisations.

About Edge Training

With over 24 years of Human Development training experience, Edge Training has a Level 1 BBBEE Scorecard, a National Footprint and Full Accreditation with Services SETA. Together with our BEE partners, we are committed to solving BEE related Skills Development Challenges in a meaningful way. Whether an Accredited Short Course, a Soft Skills Workshop or a Learnership, our highly skilled and dedicated team can offer you a solution. We source the learners and manage all the necessary requirements for disabled and unemployed Learnerships. Our Learnerships and Workshops can also be offered as online courses.
